## SENIOR SENATOR GREETINGS

### Greetings:

Now that the Holiday Season is behind us, the New Year is a time to re-evaluate and reset priorities. The role of organizing our retired colleagues in the public health inspection field into an

advisory committee for both our professional organization, the Canadian Institute of Public Health Inspectors and the Public Health Agency of Canada as was requested by Carla Troy in 2005 was somewhat of a challenge which proved indeed to be one of the most satisfying assignment which I attempted during my public health career. Indeed working with Carla and her colleagues from the Public Health Agency is certainly a highlight and will be remembered.

I was indeed blessed in being able to recruit most highly respected colleagues from each province and from the federal service. Together this group was able, with support from both CIPHI and PHAC, provide terms of reference and organize into the Retirees Advisory Committee. Today it can count among its many successes for you our colleagues this newsletter "Senator's Forum" as well as a go-to page on the CIPHI website and a soon to be announced partnership with a national organization.

It is therefore with some sadness, but with pride that I am announcing my resignation as Chair of the Retirees Advisory Committee. I now wish to introduce the incoming Chair to be Pamela Scharfe for a term period of three years. Pamela has been involved as an alternate for Ontario on the committee for the past two years. In addition, she has always been a willing and able volunteer for tasks on behalf of the committee and has fresh new approaches to explore on behalf of the committee. It is my intent to work with Pamela and the other members of the committee as the representative from Prince Edward Island.

In Closing, I again wish to express my thanks for this opportunity to have worked on your behalf and to each individual who gave support during these years. To the members of the committee and the CIPHI National Executive Council —Thank You!

**Leonard Gallant, CPHI(C)**

### Salutations:

Maintenant que la saison des fêtes est terminée, la venue d'une nouvelle année nous oblige à réévaluer et redéfinir nos priorités. À la demande de Carla Troy en 2005, j'ai accepté le mandat d'organiser et de réunir nos collègues retraités dans le domaine d'inspection en santé publique en un Comité consultatif tant pour notre organisation professionnel, l'Institut canadien des inspecteurs en santé publique, que pour l'Agence de la santé publique du Canada. Ce fut un défi qui s'est avéré être l'une des tâches la plus motivante que j'ai eu à accomplir au cours de toute ma carrière en santé publique.

En effet, j'ai eu la chance de pouvoir recruter des collègues les plus estimés de chacune des provinces ainsi que du service fédéral. Ensemble, ce groupe a pu, avec l'appui de l'ICISP et l'ASPC, développer le cadre de référence et former le Comité consultatif des retraités. Aujourd'hui, le comité peut être fier pour ses nombreux succès entre autres d'avoir développer le bulletin «Forum des retraités», le «go-to-page»(lieu de recherche) à partir du site Internet de l'ICISP et un partenariat avec une organisation nationale qui sera annoncé bientôt.

C'est donc avec une certaine tristesse, mais aussi avec le sentiment du devoir accompli que j'annonce ma démission en tant que président du Comité consultatif des retraités. Je profite de l'occasion pour introduire la prochaine présidente du comité soit: Pamela Scharfe qui siègera pour une période de trois ans. Pamela a été impliquée en tant que suppléante de l'Ontario sur le comité, pour les deux dernières années. En outre, Pamela a toujours été une bénévole dévouée capable d'entreprendre de nouveaux défis; avec de nouvelles idées, elle apportera un vent de fraîcheur au comité. C'est mon intention de travailler avec Pamela et les autres membres du comité en tant que représentant de l'Île-du-Prince-Édouard.

En terminant, je voudrais encore une fois exprimer mes sincères remerciements pour avoir eu l'opportunité de travailler en votre nom et aussi remercier tous ceux qui m'ont supporté aux cours des années. Aux membres du comité et au Conseil exécutif national, merci!

The CIPHI Retirees Advisory Committee wishes to reach as many retiree's as possible with its Newsletter; however, we do have to keep our cost down. The simplest method by which we can accomplish this is to use e-mail only. However, a number of our colleagues are as yet without the benefit of computers and in order to reach as many as possible, we would ask that if you know of a colleague without this service, that you would share a copy of the newsletter with them.

The other point that we wish to emphasize is that if all retirees became members of the CIPHI, that the committee would then be in a much better position to request the required funds from our Institute to accomplish our goals and objectives. There are approximately only 100 retirees in addition to the Life Members that have retained their membership in the Institute. In reality, the number should be much closer to 1000+.

We are asking that each of us evaluate the value of our chosen profession, what this profession gave to us, and the support and growth provided to our profession by our Institute. It is the belief of the Retirees Advisory Committee that we as retirees still have much to contribute to our profession. If you are currently not a "retired" CIPHI member, we ask that you reconsider. We as a committee would certainly appreciate hearing from you as we value your opinion.

Send your email to Pamela Scharfe, Chair at [senators@ciphi.ca](mailto:senators@ciphi.ca) so that we can forward your Senator Forum newsletter via email. Thank you!

After exploring numerous avenues of employment John received his Certificate in Sanitary Inspection (Canada) #1348 in 1962 and settled into a career in environmental health. This placed the family in Prince George that year and consequently later on in Vanderhoof for the growing up years. In 1975 a transfer returned them to their beloved Vancouver Island. After a long and successful career in environmental health John retired in Courtenay and threw himself into woodworking and gardening. He was a gadget kind of guy and the Lee Valley catalogue was his Sears "Wishbook". He had every imaginable device for any unseen occasion.
