Required Qualifications

- Enrollment in or completion of, an academic program recognized by the Board of Certification of the Canadian Institute of Public Health Inspectors.

Knowledge, Skills & Abilities

- Ability to complete assignments in a timely, efficient and effective manner
- Ability to complete technical reports within specific assignment.
- Ability to learn and apply specific public health legislation, guidelines and policy to facilities
- Ability to learn and apply technical knowledge in the field of public health inspection/environmental health.
- Ability to learn and utilize sampling, monitoring and test equipment commonly utilized in public health inspection programs.
- Ability to plan, schedule and utilize work/training time effectively and efficiently.

Additional Text:

Additional Knowledge, Skills & Abilities:

-Ability to demonstrate effective oral and written communication skills

-Ability to work as a productive member of a multidisciplinary team in a workplace environment

We work together to improve our health and well-being. Every day. For everyone. The SHA is committed to building a representative, diverse, inclusive and culturally responsive workforce. We are committed to the Truth and Reconciliation Calls to Action. We work in the spirit of truth and reconciliation acknowledging Saskatchewan as the traditional territory of First Nations and Metis people.

The Saskatchewan Health Authority (SHA) requires a criminal record check (CRC) from every potential SHA team member. The CRC must be dated within the past six (6) months and be satisfactory to the SHA. A vulnerable sector check (VSC) is required for individuals providing patient/resident/client care to vulnerable persons. Internal candidates may be required to provide a CRC and/or VSC during the recruitment and selection process.
